PAID MARKETING OPPORTUNITIES - DIGITAL

We have a database of over **1.5 million customer records** and offer Venue Marketing Solutions that result in significant engagement across all digital channels.

WHAT IS IT

- We offer venue marketing solutions using our **custom audience building algorithm.**
- We offer access to this algorithm so you can directly market your show to our venue subscribers.
- You can use this solution to send show alerts via Email, SMS, Facebook and Instagram (as well as look-a-like audiences on these social media platforms).

HOW IT WORKS

- Our algorithm builds a suitable data set for your show based on **previous purchase history, frequency of ticket purchases** and **show alert preferences** from our 1 million records.
- *For example, if there is an English 60s Rock music event, we can generate a dataset of previous purchases to match that event genre, era & origin.*

HOW TO USE IT

- Once your event is confirmed with us, you will receive a 'Promotion Request' webform for your event.
- Through this simple webform:
  - You select audience sizes and delivery channels you would like to market through.
  - We deliver messaging to that audience/s using content from your website listing.
- The total promotion cost, including content generation and delivery, is calculated & displayed at the bottom of the form.
- 2 weeks after your promotions have been sent, we will send you a report to show you how your promotions have performed.

Please note - the webform is standardised. For specific requests, please contact us.
