# PAID MARKETING OPPORTUNITIES - DIGITAL

We have a database of over 1 million customer records and offer Venue Marketing Solutions that result in significant engagement across all digital channels.

## WHAT IS IT

- We offer venue marketing solutions using our custom audience building algorithm.
- We offer access to this algorithm so you can directly market your show to our venue subscribers.
- You can use this solution to send show alerts via Email, SMS, Facebook and Instagram (as well as look-a-like audiences on these social media platforms).

## HOW IT WORKS

- Our algorithm builds a suitable data set for your show based on previous purchase history, frequency of ticket purchases and show alert preferences from our 1 million records.
- For example, if there is an English 60s Rock music event, we can generate a dataset of previous purchases to match that event genre, era & origin.

## HOW TO USE IT

- Once your event is confirmed with us, you will receive a 'Promotion Request' webform for your event.
- Through this simple webform:
  - You select audience sizes and delivery channels you would like to market through.
  - We deliver messaging to that audience/s using content from your website listing.
- The total promotion cost, including content generation and delivery, is calculated & displayed at the bottom of the form.
- 2 weeks after your promotions have been sent, we will send you a report to show you how your promotions have performed.

Please note - the webform is standardised. For specific requests, please contact us.
