Introduction

For over 100 years, the site now home to The Concourse has been the home of performing arts, community celebrations and civic ceremonies. The Concourse carries on these traditions and provides world-class entertainment facilities for the next generation.

The site of The Concourse is possibly the most important public site owned by Willoughby City Council and certainly one of the most valuable. The many opportunities it offers to the local and regional resident, visitor and business communities demanded comprehensive, intelligent and long term planning for its redevelopment. The architectural design for The Concourse was completed in 2007 and the following year the existing buildings were demolished and the commencement of construction began.

The Concourse opened in September 2011, and continues a century old tradition of performing arts, community celebrations and civic ceremonies and offers both local and regional visitors a unique mix of venues for live theatre, dance, music, business events and exhibitions. It's facilities include a Theatre, Concert Hall, Civic Pavilion, Rehearsal Centre and Art Space.

The Concourse venue is operated and managed by Century Venues. Century is one of Australia's leading entertainment businesses, with over 30 years of experience specialising in venue management, live events and touring, and artist representation. The Company operates and manages a wide array of Sydney's best live entertainment venues including the Enmore Theatre, Metro Theatre, The Comedy Store, Factory Theatre, Manning Bar, The Mighty Vic in Newcastle and The Concourse Concert Hall, Theatre and Pavilion.

The Civic Pavilion

Offering state of the art facilities and flexibility, in a light-filled, vibrant space, The Civic Pavilion is perfect for corporate functions, exhibitions, weddings and large community events.

This multi-functional venue with excellent presentation and conference capabilities, features a flat 500m^2 floor with divisible wall, flexible AV configurations, dressing room and a full catering kitchen. The large entry foyer is ideal for receptions and registrations or can be used as additional exhibition space.

This flexible space can be arranged for banquet, classroom, cabaret, exhibition, cocktail or theatre style events. When in the full open room configuration there are no pillars in the 500sqm floor space allowing for maximum flexibility.

Capacity

Depending on the required configuration, the Civic Pavilion can cater for small groups in three separated areas or up to 500 patrons theatre style.

	Full Mode	A-Side	B-Side
Banquet	350 (Tables of 10)	150 (Tables of 10)	130 (Tables of 10)
Theatre	500	235	200
Cabaret	280	120	104
Classroom	238	99	98
Cocktail	500	235	200
3 x 2 Exhibition Booths	34 (plus 8 in foyer)		
2 x 2 Exhibition Booths	57 (plus 15 in foyer)		

Accessibility

The Civic Pavilion has flat access from the double wide external doors as well as lift access directly into the foyer from the car park. For a fee, ramp access for the stage can be provided if required. Please discuss any accessibility needs you have with the venue staff prior to arrival so that appropriate arrangements can be made.

Assisted Hearing System

A assisted hearing system operates throughout The Pavilion. Patrons are advised to switch their hearing aid to the T switch in order to hear the program. Please see Front of House staff for assistance if required.

Public Transport

The Concourse is located in the heart of Chatswood on Sydney's North Shore. It can be reached in 15 minutes from the Sydney CBD and 30 minutes from the airport by car.

The Concourse is a two-minute walk from the Chatswood Interchange, which incorporates both train and bus terminals. From the Chatswood Interchange, walk down Chatswood Mall and onto Victoria Avenue, east of the station.

Trains

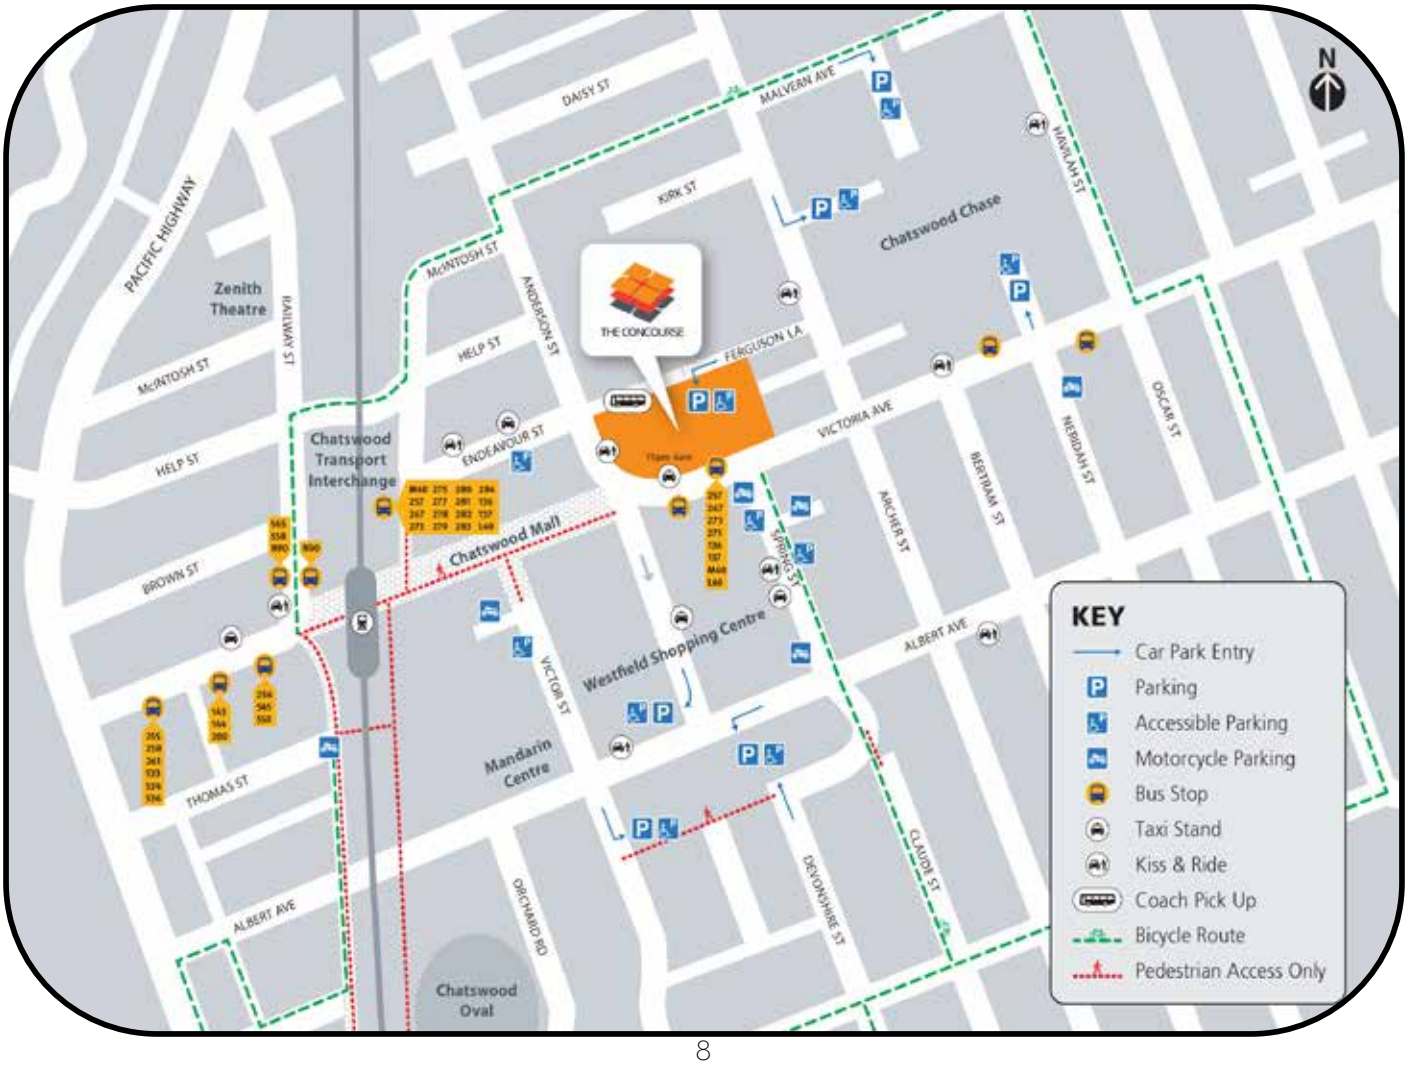

T1 North Shore and Northern Line.

Bus

Chatswood's main bus terminal can be found at the Chatswood Interchange, just two minutes walk from The Concourse.

For train and bus timetables go to www.transportnsw.info

'The Loop' is a free bus service providing transport to key destinations across the local government area of Willoughby and stops outside The Concourse.

Parking

The Concourse car park offers on-site parking for 400 vehicles with direct lift access to the venue. Car park entrance is on Ferguson Lane via Archer Street only. The car park can be accessed from the left lane of Archer Street only. There is a luminous sign with number of available parking spaces at the intersection of Ferguson Lane and Archer Street. The car park is owned and managed by Willoughby City Council any enquiries regarding the use of the car park or loading docks should be made to the Council..

Car Park Access Times

Monday - Saturday	6:00am - 1:00am
Sunday	8:00am - 11:00pm
Public Holidays	6:00am - 1:00am

Car park operating hours are subject to change. More details about the car park can be found on The Concourse website. Accessible parking spaces are available on both levels of The Concourse car park and in nearby Endeavour and Spring Streets.

Loading Docks

There are two available loading docks. Both docks are shared between all venues at The Concourse and both docks are designated loading zones, regular traffic rules and time limits apply. You will need to notify venue staff of your intention to use the loading dock prior to your event. Access to the Pavilion from the truck loading dock is via flat push from street level. Pavilion access from the retail loading dock is via lift 4 and 5 and is subject to it's limitations and is not suited to heavy or bulky items.

Truck Loading Zone

Truck access to the loading dock is from Ferguson Lane via Anderson street and is at street level with the Pavilion. Access is via back of house double doors or via the main entrance.

Retail Loading Dock

The retail loading dock is accessible from Ferguson lane via Archer street. Follow the directions to the underground car park. Access to the venue from the retail loading dock is via lifts 4 and 5. These are regular passenger lifts and not intended for large deliveries. The initial truck height for deliveries down to the loading dock is 3.8m and the general car park height for normal vehicles is 2.2m.

Maximum truck Length	6400mm
Maximum truck Height	3800mm

Venue Specifications

Foyer	Large L shaped foyer 3 Large glass main doors Lifts directly to foyer Bathroom facilities directly off foyer 2 Lighting bars spanning main area Dressing room
Pavilion Space Full Room	500m^2 room with no pillars or obstructions 4m high ceiling Divisible into two rectangular spaces with dividing acoustic wall 6 Lighting bars running the width of the room
Pavilion Space A-Side	Natural light along one wall One AV screen on far wall
Pavilion Space B-Side	Two AV screens along wide wall Black full height drapes

Control Positions

There are two possible control positions available in The Pavilion for Audio, Lighting and Video. Full room and A-Side configuration control is from the corner of the room near foyer doors closest to Ferguson lane. For half mode B-Side control position is moved to in front of the dividing wall on the foyer side.

Staging Equipment

Staging Rostra

The Concourse has a number of Megadeck stage rostra available for use in any of our venues. There are additional set up and hire costs associated with the use of the staging. Availability cannot be guaranteed and will need to be prearranged. All decks are of aluminium construction with black plywood face. Dress skirting, chair stops and 3 different height legs are all available.

Other Rostra Available

12x 2400mm x 1200mm black timber deck	2x 600mm black timber stair treads
4x 1200mm x 1200mm black timber deck	2x 300mm black timber stair treads
Deck heights	150mm (All), 300 & 600mm (14 sets), 900mm (5 sets).

Note: Three black timber staging platforms at 300mm high are included in the standard AV package, and is most suited for the venue fitting between the projection screens in full room and B side configurations.

Other Equipment

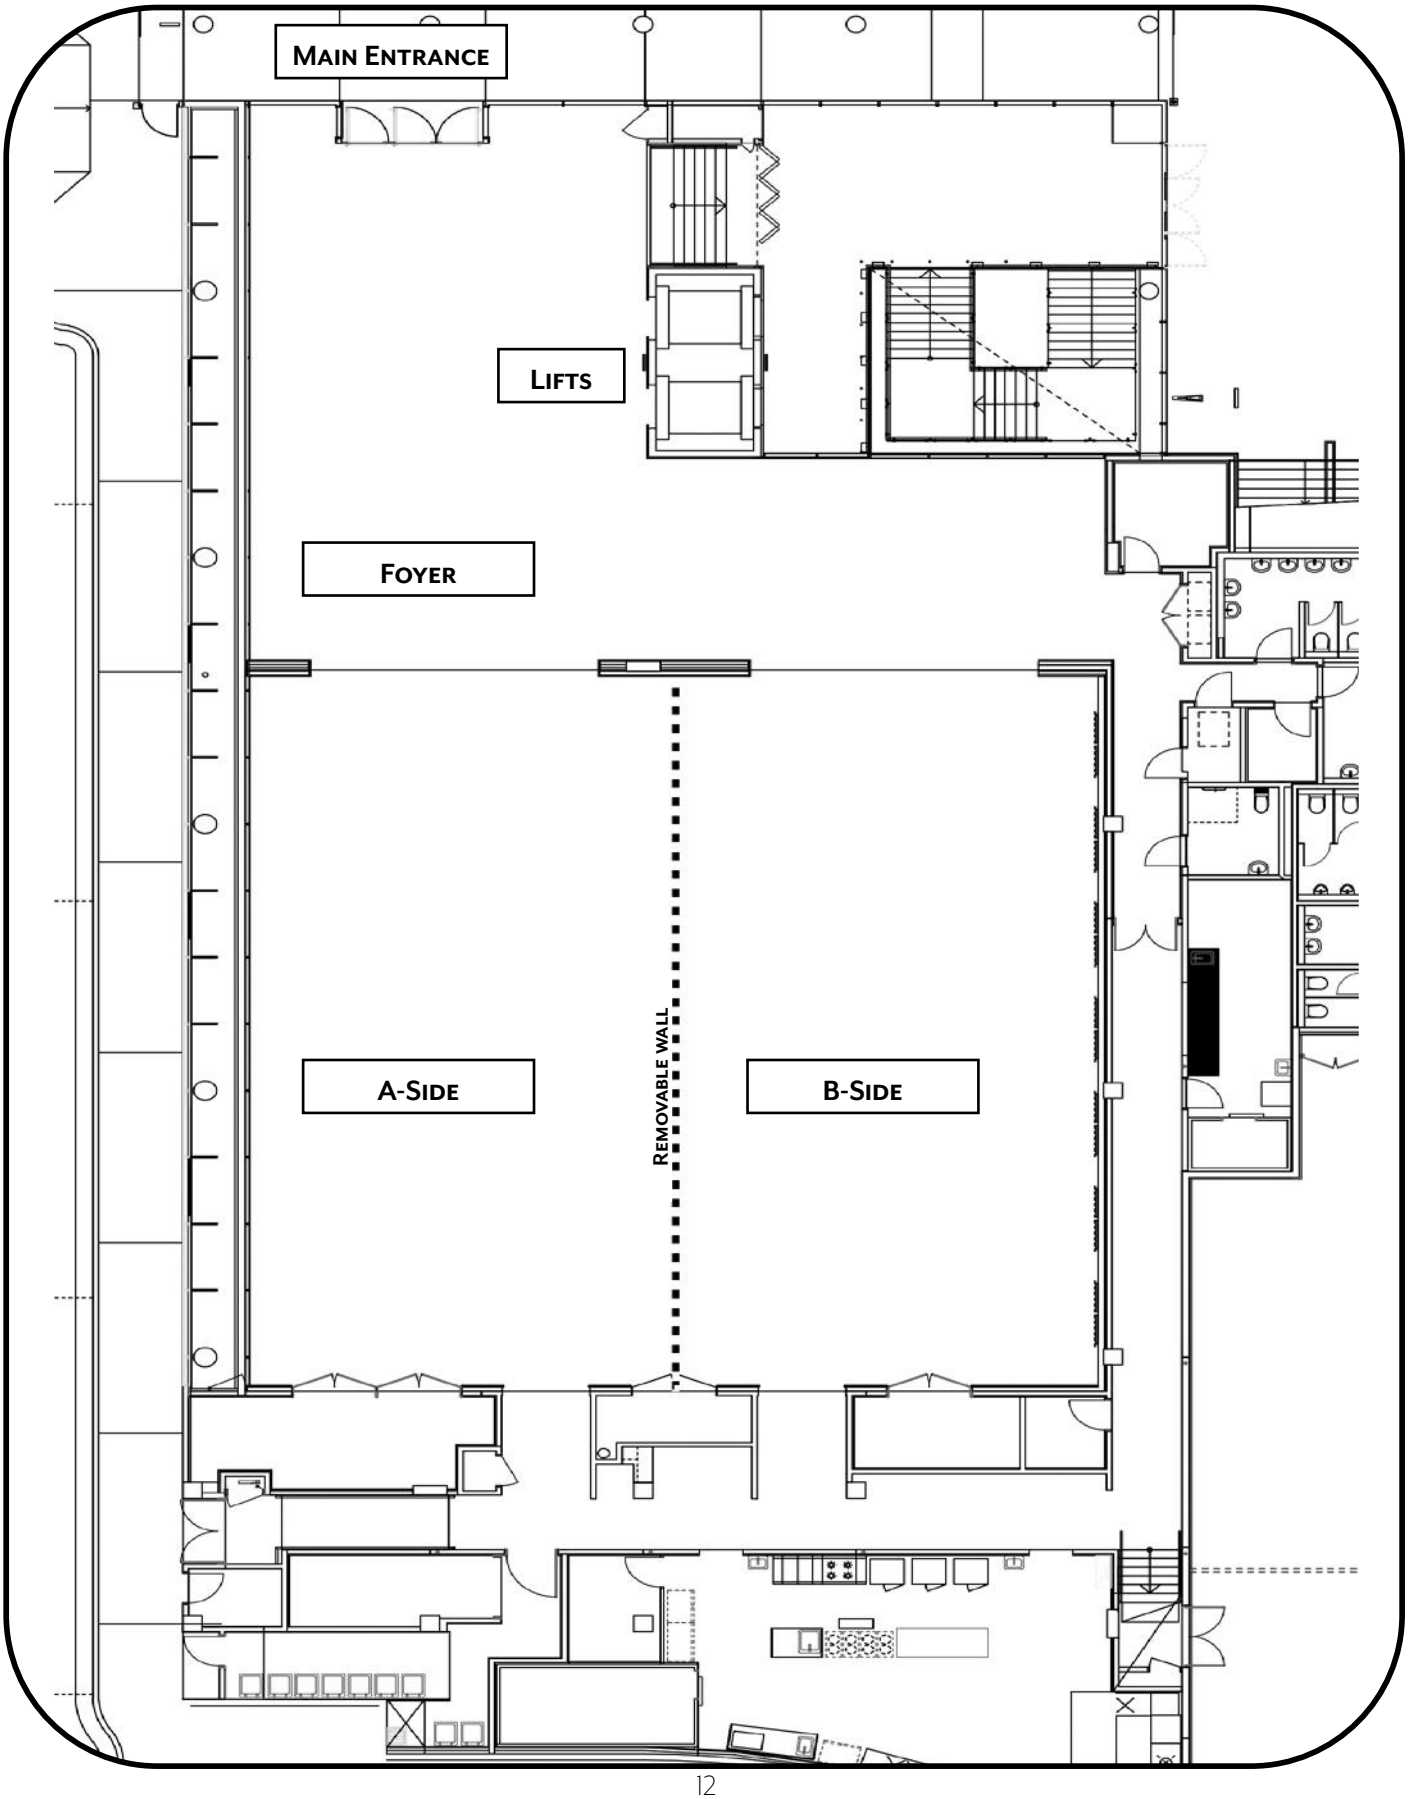

A full range of Orchestral furniture including conductor's podium, music stands, bass stools, and orchestra chairs are also available on site. Any additional equipment may attract a hire fee. Please discuss your requirements with the venue staff.

Power

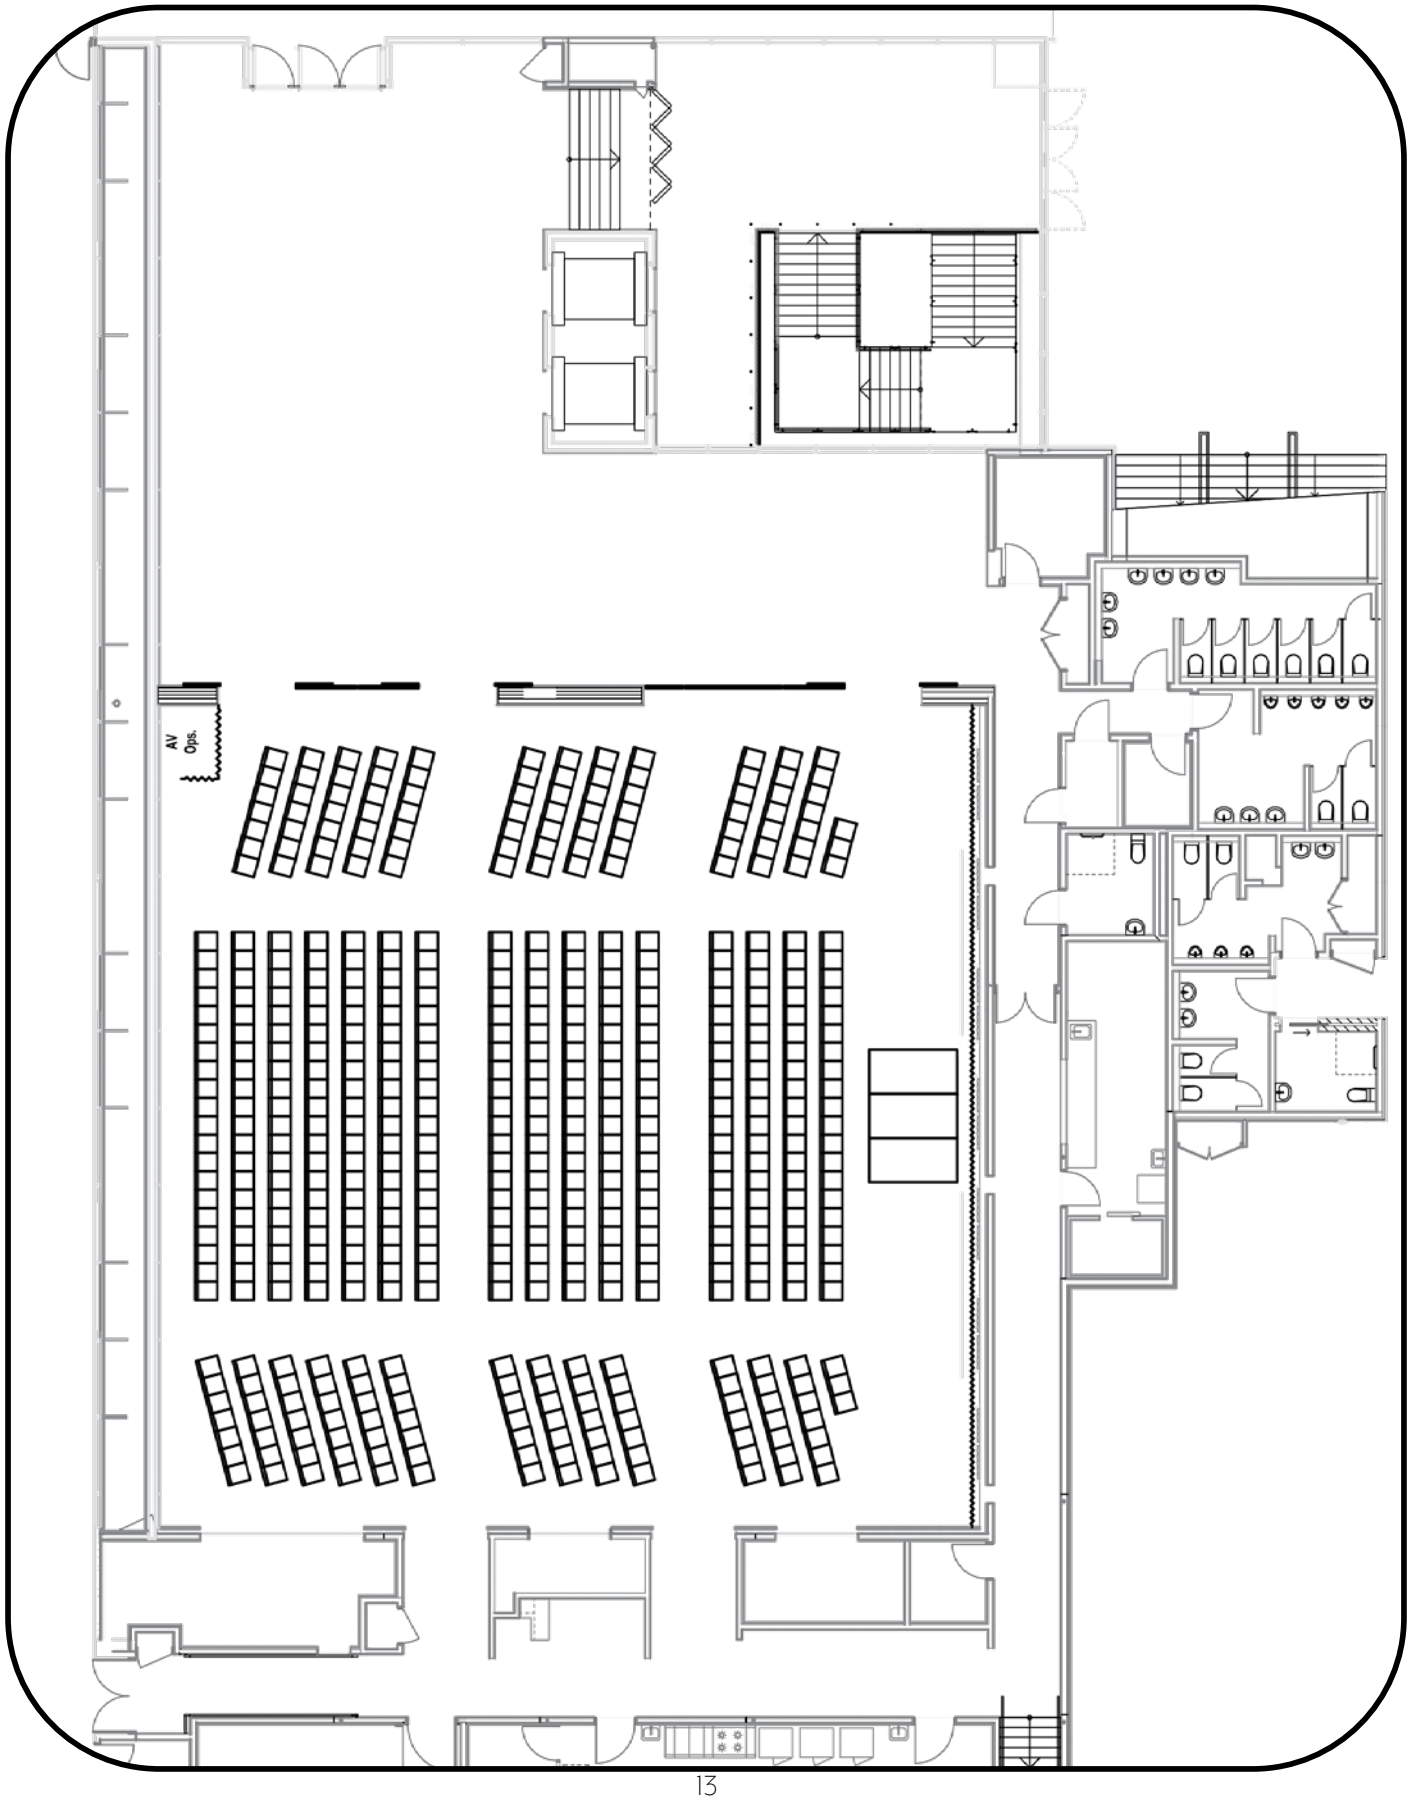

There are a number of standard GPO, 20A and 3-phase power outlets throughout the venue.

Area	Power Outlets
Foyer	1x 40A 3 phase power outlet 7x 10A GPO general outlet 6x 10A Isolated audio power outlet (Green)
A Room	1x 40A 3 phase power outlet 14x 10A GPO general outlet 14x 10A Isolated audio power outlet (Green) 2x 20A GPO
B Room	2x 40A 3 phase power outlet 12x 10A GPO general outlet 12x 10A Isolated audio power outlet (Green)

Floor Plan

Standard Full Room Layout

Lighting

Control
The Pavilion lighting system is controlled by an LSC Maxim lighting console located in the ops position at the rear of the room.

Distribution
DMX distribution is via a network of DMX output iso-ports. There are two iso-ports per bar in the main room. There are no DMX outlets in the foyer however wireless DMX and additional distribution can be arranged upon request.

Standard Lighting Rig
The Pavillion comes with a standard lighting configuration that provides a basis for most standard events. The standard configuration is made up of 13 conventional fixtures and 8 Showpro LED parcan wash. Contact a member of the technical department for a copy of the standard plot. Changes to the standard rig can only be made with approval from venue staff. There is the provision to add additional fixtures either supplied by the hirer or organised through the venue.

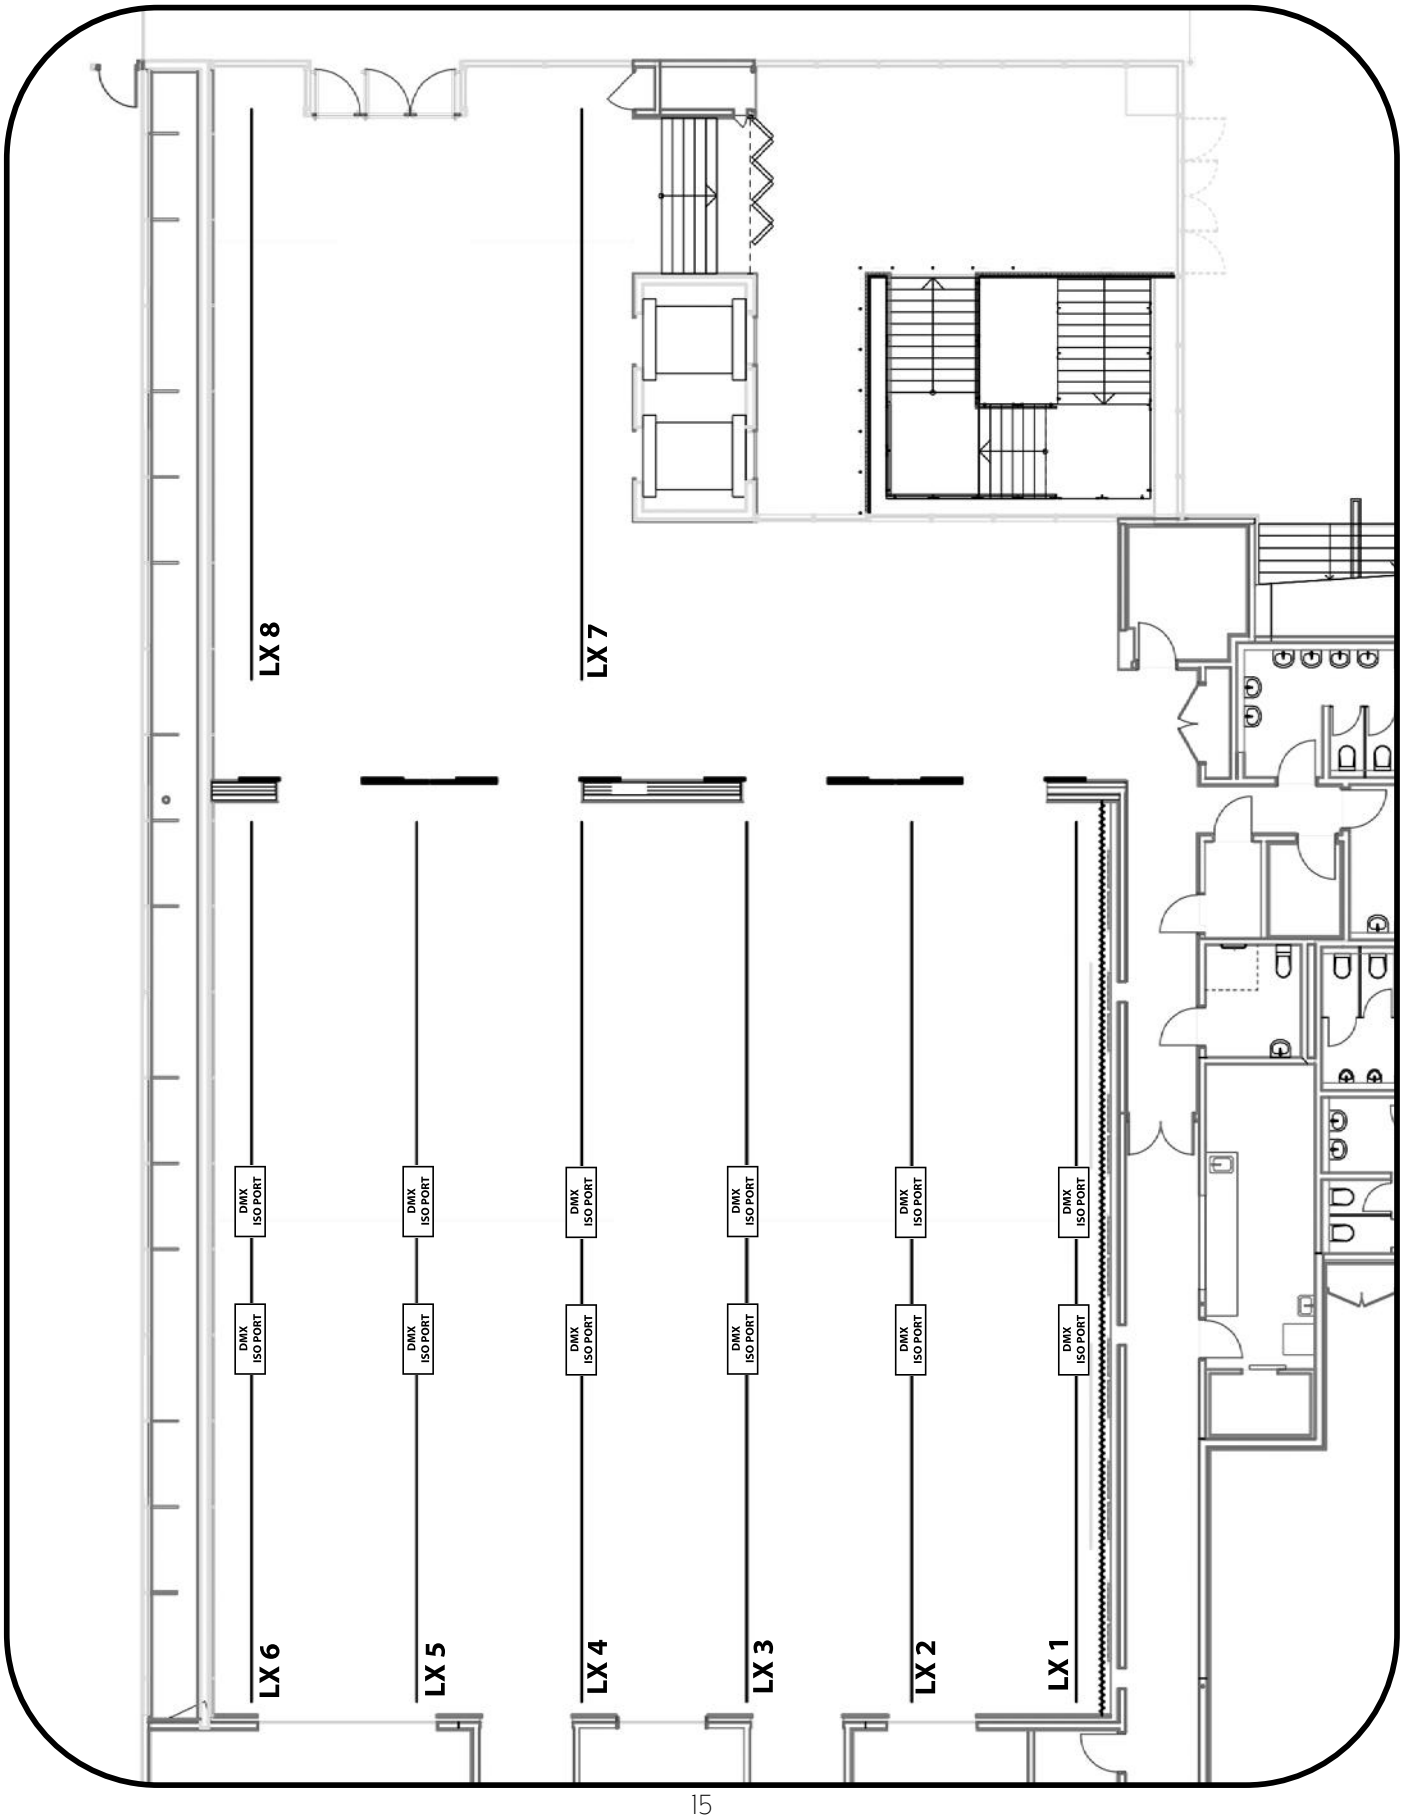

LX 1	1x Selecon Acclaim Fresnel 650W 8x Black Showpro LED Parcan
LX 2	4x Selecon Acclaim Fresnel 650W
LX 3	3x Selecon Rama Fresnel 1200W 2x Selecon SPX Profile 25-50 deg 800W
LX 4	1x Selecon Acclaim Fresnel 650W
LX 5	-
LX 6	2x Selecon Acclaim Fresnel 650W

Dimmers
The Pavilion has a total of 72 dimmer channels and associated cables and patching. Dimmer circuits are controlled by six 2.4kW Jands HPC dimmers with a total power load of 2400W per channel. There are 12 dimmable outlets per lighting bar. There are 6 dimmable outlets on the floor in each corner of the main room, however are not connected to a dimmer as standard. If these outlets are required with dimming control, please discuss with staff prior to your event.

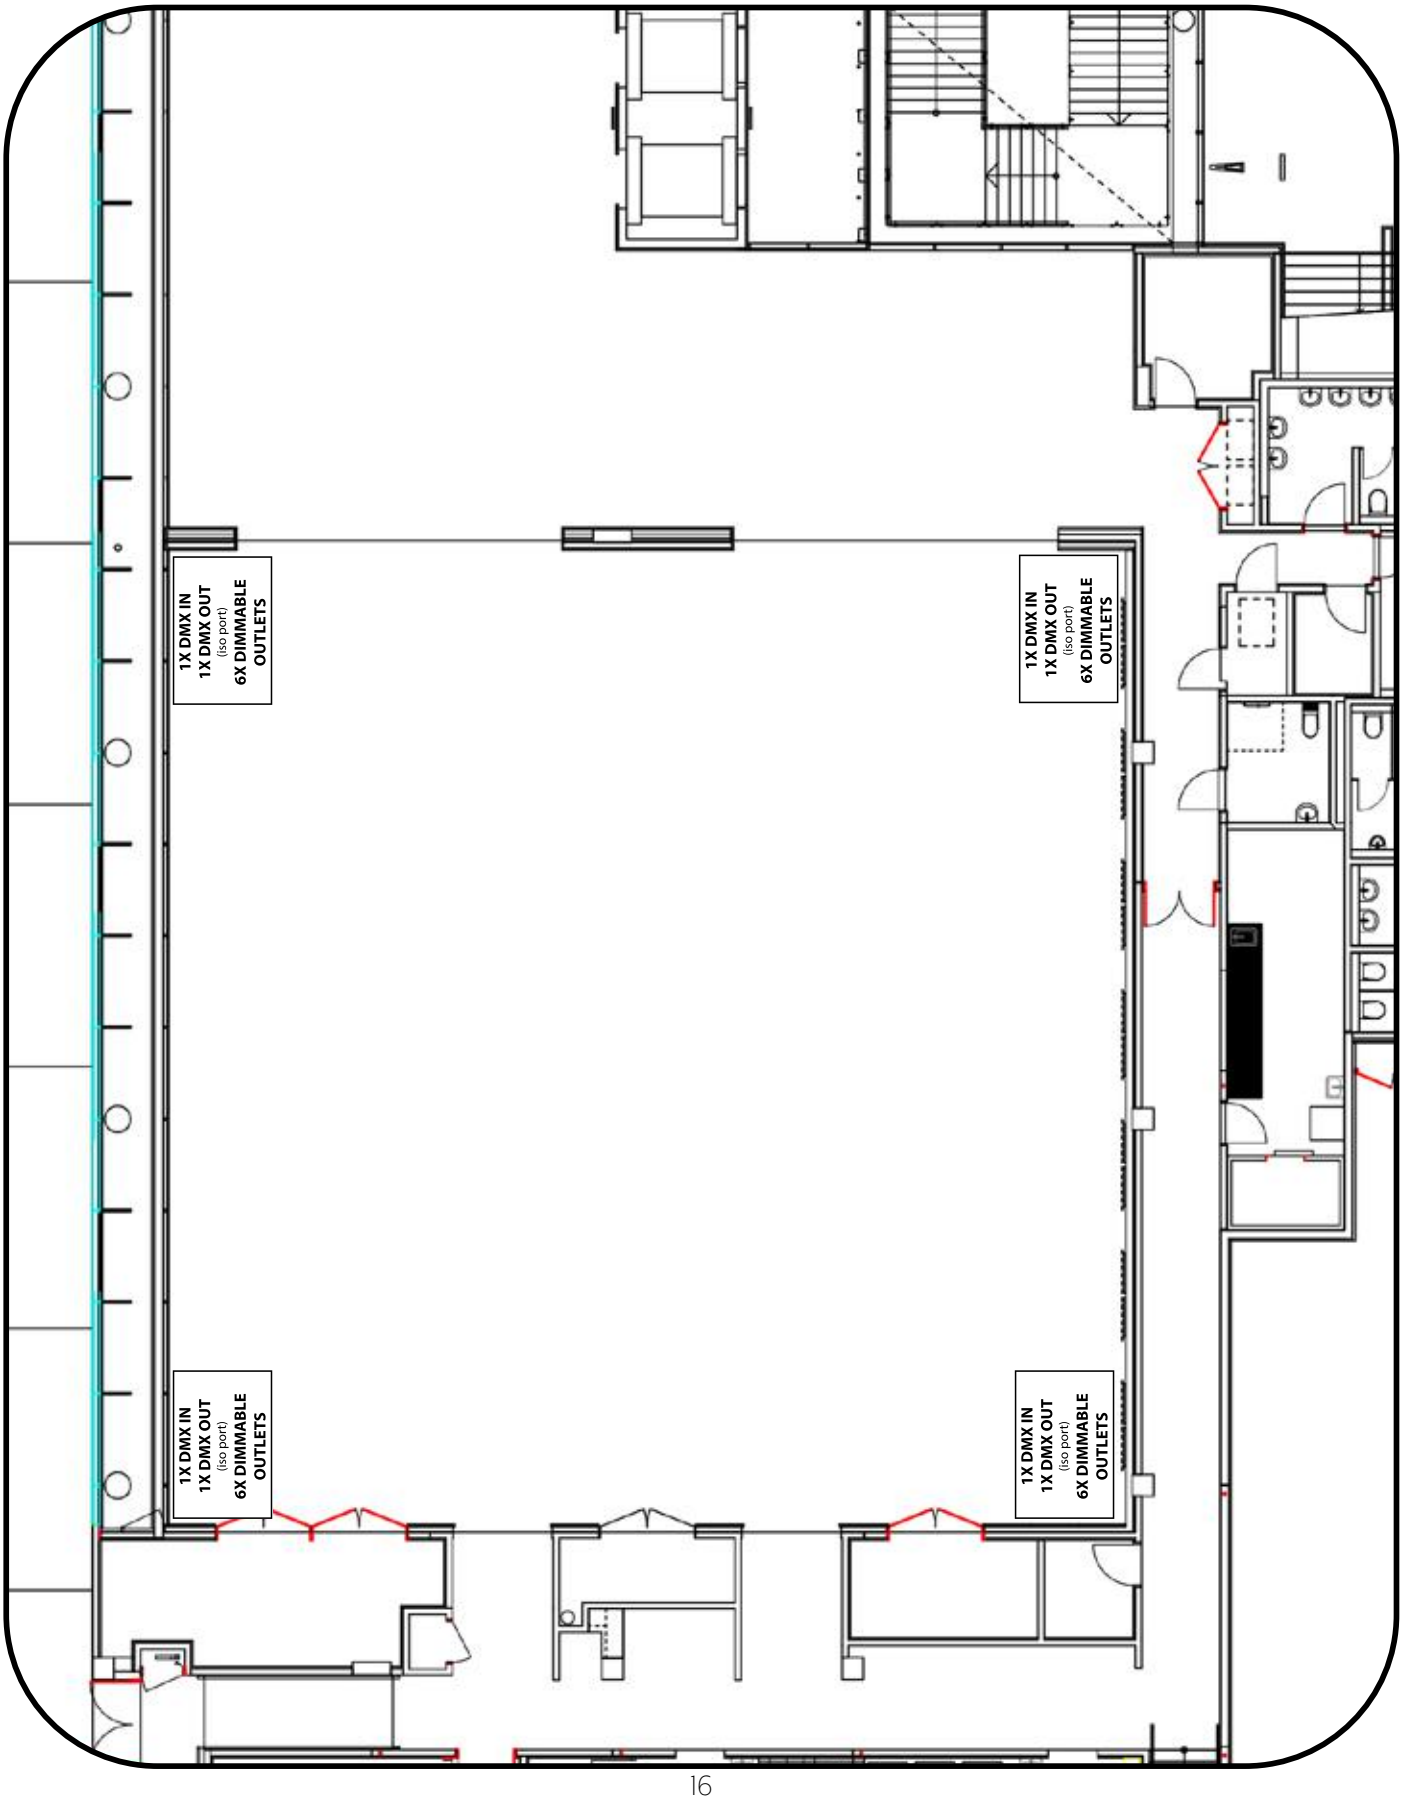

House Lights
House lighting can be controlled either by the lighting console in the AV operator position or independently. Independent control is via wall mounted unit in either the A or B side room..

Special Effects
Smoke, Fog and Haze effects are able to be used within the Pavilion, however prior arrangement must be made in order to coordinate fire alarm isolation procedures and incur extra costs. Pyrotechnics, UV, Strobe, flame and lazers are permitted with prior management approval. Please discuss your requirements with the venue staff.

Ceiling Lighting Bars

Floor Lighting

Audio

Loudspeaker System

The Pavilion has a ceiling mounted system of distributed 3x QSC K10 2 way loudspeakers run as a mono PA system for use during full room and Half mode B-Side events. A-Side events require a system to be quoted in addition to room hire.

Additional System Configurations

There are a number of available additions to the standard configuration. These items will incur a hire fee and are subject to availability.

Microphones

The Concourse has a large selection of microphones and other audio equipment available for hire for your convenience including a large number of wireless microphone options. Details can be found on the next page. This selection is constantly changing and being updated. For the most accurate list please discuss your requirements with the venue staff. All items subject to availability and hire fees.

Playback Devices

The Concourse has a number of Laptops (Windows and OSX) with dedicated audio playback software, CD and DVD players available for audio playback needs. Please discuss your requirements with the venue staff.

Vision

The Pavilion has an integrated vision system available for hire for your production including integrated SDI cabling. Please speak to venue staff about availability and costs associated with the use of the vision system.

Projection

Full room and B-Side projection is facilitated by two ceiling mounted projectors paired with ceiling mounted screens.

2x Projection Design	6000ANSI lumen WXGA projector (B-Side)
Sony	2000 ANSI lumen projector (A-Side)

Screens

All Screens in The Pavilion are 16:9 motorised ceiling mounted screens built into the venue.

Inputs

The Pavilion has the provision for HDMI, VGA or SDI input from the AV control position. Arrangements can also be made for control from the stage by presenters. PC, OSX, and DVD playback facilities can also be arranged.

Vision Switching and Mixing

Roland VR-50HD multi-format vision switcher available for hire for multiple inputs and output configurations including HDMI, SDI and VGA inputs. Video foldback and auxiliary feeds can also be provided to onstage flatscreens.

Recording and Broadcast

Recording and Photography positions are available in various locations throughout the venue. If you plan on having fixed photography or video recording please discuss your needs with the Event Manager as early as possible as seating may need to be adjusted. There are limitations on filming positions in order to maintain egress requirements.

Audio Recording

If you wish to record the audio of your event for archival purposes we can provide a direct line level feed out of the audio console to your recording device via XLR. Please discuss recording requirements with the Technical Supervisor prior to your performances.

Video Recording

If you wish to record the vision of your event, we can provide a direct feed out of the audio and vision mixing consoles to your camera position or recording device. We do not offer in-house video recording services, however please discuss your needs with our technical staff for assistance and advice.

Live Streaming and Broadcast

Dedicated Wifi and hard line internet options are available for your event in order to facilitate content streaming.

Hard Line

Wifi (Dedicated)

Whilst there is a free public wifi which can be used on mobile devices however there is no guarantee to it's speed or reliability. Dedicated Internet services are strongly recommended for live broadcasts.

Pianos

The Concourse has three Pianos for you to choose from available for hire. All of the Concourse pianos are tuned to standard concert Pitch (A = 440 Hz). Tuning can be arranged prior to your event. These Pianos are shared across the Venues and are subject to availability. Hire and tuning fees apply.
Please note, only the Yamaha G1 and Roland FP60 digital piano are available for hire in The Pavilion.
Moving fees apply for the Yamaha.

Steinway and Sons	2011 Model D 9' Concert Grand
Steinway and Sons	1980 Model D 9' Concert Grand
Yamaha	G1 6' Parlour Grand
Roland	FP60 Digital Piano

Backstage Facilities

Catering

The Pavilion has a state of the art kitchen and service bar and a dedicated catering service. Catering can be provided for all venues for patrons, VIPs, performers and crew. Please discuss your catering requirements with the Food and Beverages Manager prior to your event.

Dressing Rooms

There are two dressing rooms located adjacent to The Pavillion foyer for your convenience. Dressing room 1 is the larger of the two and has a capacity of 5. Dressing room 2 has a capacity of 2.

WiFi

Complimentary WiFi is available for all patrons of The Concourse. Dedicated WiFi or cable high-speed access can be arranged if required. Set up and hire costs apply.

Other Venues

The Concourse provides a modern and vibrant setting for your next event. The venue includes a diverse range of performance and corporate facilities including a world class Concert Hall, an intimate Theatre and a highly versatile Civic Pavilion. The venue also includes a stand-alone Rehearsal Centre and Studio. Our venue hire spaces are ideal for the performing arts, conferences, business meetings, exhibitions, product launches, banquets and cocktail parties. If you require any additional information about our venues and rehearsal spaces please discuss with your Event Manager.

The Theatre	500	-	200 on stage	200 in foyer
Civic Pavilion	500	238	350	500

Conditions of Use

Access
Access to back of house areas is by prior arrangement and via Stage Door only. All visitors must sign in and out at the Stage Door. Stage access may be restricted at any time by staff as required for safety reasons. At least one member of the technical staff must be on site whilst the hirer has access to the stage area. A detailed production schedule is to be provided and approved by management prior to the commencement of your event.

Risk Management
In accordance with NSW WHS legislation, risk assessments and management plans are required during pre-production for any activity performed in the venues. Risk assessment needs to consider the risks associated with your specific event. It is the hirers responsibility to provide risk management plans to the venue prior to your arrival. Our staff are able to provide guidance if required.

Fire Safety
During the unlikely event of a fire emergency please follow the instructions of the venue staff. It is important that patrons familiarise themselves with their closest exit and meeting points. If theatrical smoke, haze, pyrotechnics or costume steaming are to be used during your event a fire warden must be on site during performances and is charged to the event. Please discuss this requirement with the production team prior to your event. Failure to notify management prior to your event may incur additional fees and charges as well as cause interruptions to your production.

Electrical
All electrical equipment brought on sight must have a compliant electrical test tag and be in reasonable working condition. Venue staff may reject equipment at their sole discretion if they believe it presents a reasonable danger.

Restricted Activities
Smoking is not allowed in any interior or exterior area of The Concourse. The Concourse is a smoke free environment.

Venue Staff
It is a condition of entry that all patrons will comply with any reasonable request from venue staff. The Venue has a responsibility to provide as safe workplace for it's staff. Harassment or unsafe requests will be handled at the discretion of the venue supervisor. Staff are entitled to a minimum half hour break every 5 hours. Whilst every effort is made to minimise any disruption, during this time stage access may be limited. Technical staff are required to be on site a minimum half hour prior to venue access time and remain half an hour after the venue is cleared. Please discuss your production schedule with management prior to your production to ensure adequate time has been allocated.
