VENUE OVERVIEW

Elevate your experience at Manning Bar, located on the top floor of Manning House in the heart of Sydney University's vibrant campus. Manning Bar isn't just a venue; it's a purpose-built, fully loaded live entertainment venue that's attracted top-tier local and international acts for over five decades.

As we gear up to celebrate our 50th anniversary in 2024, Manning Bar proudly wears its legacy of hosting legendary performances like Foo Fighters, The Black Keys, and King Stingray. It’s also the go-to spot for unforgettable parties like Outside In, Heaps Gay, Mardi Gras, Someday Soon, and Boiler Room.

Manning Bar holds a central position at the epicentre of Sydney's music and entertainment scene and the heartbeat of Uni Life. Manning Bar - where the beats meet the vibes, and the memories are set to last a lifetime.

ABOUT US

MANNING BAR

Rockin' since 1974, Manning Bar is owned and operated by the University of Sydney Union (USU). As Australia's oldest and largest student union, USU provides student services, programs, and facilities at the University of Sydney. USU is a not-for-profit organisation that proudly invests all funds back into the student community to deliver the best student experience in Australia. For more information, please visit usu.edu.au.

Manning Bar is located on the top floor of Manning House, Manning Road, opposite Brendan McCallum Learning Hub.

Manning Bar is programmed in partnership with Century Venues and will work closely with promoters to deliver a seamless experience for patrons. For more information, please visit century.com.au/venues.

VENUE FACILITIES

GREEN ROOM & RIDERS

Manning Bar has one lockable Green Room located adjacent to the Main Stage on level 2 with basic amenities including a toilet, full length mirror, fridge and tea and coffee making supplies. Manning Bar provides a rider of up to $200 cost price, which will be provided in advance of the show. The completed rider must be received no later than 72 hours prior to show day. Please note that the venue does not provide towels and if required, these must be supplied independently or by the promoter.

KITCHEN

Manning Bar has a fully equipped kitchen, available for events over 400 ticket sales. Please discuss your requirements with our Head of Hospitality Operations well in advance of your event.

MARKETING & TICKETING

USU has an in-house Marketing Team who would be pleased to discuss your Marketing needs in support of events at our venues. USU is proud partners with Moshtix, providing ticketing solutions for Manning Bar events.
For more information, please visit:
moshtix.com.au/v2/venues/manning-bar-nsw/13

MERCHANDISE

Manning Bar does not charge a commission on merchandise sold in our venues in support of artists. The venue has limited facilities available, but can provide tables, pin-boards lighting and power. Merchandise staff and Eftpos facilities are the responsibility of the hirer. If you require a merchandise seller, please advise USU at least one week prior to your event and a staff member can be organised at the charge of $40/hour, minimum three-hour engagement.

VENUE SAFETY

SWMS & INSURANCE

All external contractors undertaking works on behalf of the producer who have not previously worked for the USU will be required to provide Safe Work Method Statements, complete the online USU Contractor Induction and provide a certificate of public liability insurance of at least $20M.

SMOKE DETECTOR ISOLATION

If your performance includes any form of atmospherics including smoke, haze or dry ice, USU requires that the building's smoke detector system must be isolated. USU requires a minimum of 72 hours prior notice to facilitate this isolation. Unfortunately, less than 72 hours notice will result in these types of atmospherics not being used.

USE OF LASERS

The use of professional lasers in Manning Bar is only permitted if set-up and placement is performed by a qualified laser company. Any damage caused to equipment by the use of lasers, including the in-house dip projector is the responsibility of the promoter. Similarly, any repairs will be advised post event and post event settlement money will be withheld by the venue until repairs have been completed. Any use of lasers is to be advised prior to the event.

CROWD CONTROL BARRIER

A 10 x 1m Global Control Barrier is used as default and is a compulsory safety measure.
